

## CESAPO WORKSHOP

# Air quality policy, monitoring strategies and models use for particulate pollution

Monday, April 7<sup>th</sup> 2014

University of Patras Conference Center

### Program

13:00 – 13:30	Registration	
13:30 – 13:50	CESAPO – Overall results	Ath. Argiriou, University of Patras
13:50 – 14:10	Cruise Ports Environmental Management: Cruise Lines Best Practices & Sustainable Cruise Tourism	Cris Nicolaides, MBA, PhD, Tourism, Aviation & Cruise Development Consultant
14:10 – 14:30	Intercomparison of source apportionment approaches within the MED-APICE project for assessing impact of maritime traffic and addressing effective mitigation actions in 5 Mediterranean port-cities	Francesca Liguori, Environmental Protection Agency of Veneto Region
14:30 – 14:50	The Program Med : APICE Common Mediterranean Strategy and Local Practical Actions for the mitigation of Ports, Industries and Cities Emissions Case of Marseille	Alexandre Armengaud, Grand Port Maritime de Marseille
14:50 – 15:10	Air quality and carbon reduction strategy of ports	Apostolos Siskos, Environmetrics, Greece
15:10 – 15:50	Lunch break	
15:50 – 16:10	Ideas and proposals for setting up an air quality monitoring and forecasting system in the Region of Western Greece	Andreas Kazantzidis, University of Patras
16:10 – 16:30	Impact of air pollution on human health – An epidemiological perspective	Apostolos Vantarakis, University of Patras
16:30 – 16:50	CESAPO: Results of the Italian Consortium	Daniele Contini, ISAC – CNR
16:50 – 17:10	Results of air pollution measurements in Patras	Apostolos Tsakis, University of Patras
17:10 – 17:30	Coffee break	
17:30 – 17:50	Meteorology and air pollution	Athanassios Karagiannidis, University of Patras
17:50 – 18:10	Air pollution source apportionment in Patras using models	Dimitris Melas, AUTH
18:10 – 18:30	Questions - Discussion
